BACKGROUND

Attached is the Treasurer's Report for the month of June 2014. The Treasurer's Report lists all cash for the City (which includes the Baldwin Park Financing Authority), the Housing Authority, and the Successor Agency to the Community Development Commission (CDC).

The report separates cash into the following three sections:

- State of California Local Agency Investment Fund (LAIF) – this is where the majority of the cash is held. City cash, which accounts for the largest portion includes monies from the General Fund and all other restricted funds known as Special Funds. Money is kept in LAIF until it needs to be transferred to cover warrants (payments to vendors, contractors, etc.), payroll, or to pay the various bond payments.
- Fiscal Agent Funds – These amounts represent monies held by the various bond holders that are restricted and which have been set aside for future bond payments.
- Cash – This section provides the cash balances in the various checking accounts the City uses to pay its on-going payments.

The cash balances fluctuate during the year due to the timing of large payments, such as interest and principal for bonds, and due to when the City receives its major sources of revenues (such as sales tax and property tax in December, January and May each year).

The current investments are in compliance with the City's Investment Policy and to the California Government Code.
