

San Bernardino Freeway (I-10) High Occupancy Vehicle Lane Project

Ramp Closure as Part of 10 HOV Construction Project

Eastbound I-10 Puente Avenue Long-Term Ramp Closure

Baldwin Park and West Covina – Beginning **Monday, July 31**, the California Department of Transportation (Caltrans) will close the eastbound San Bernardino Freeway (I-10) **Puente Avenue off-ramp** as part of the High Occupancy Vehicle lane construction project. Motorists attempting to exit I-10 may experience delays and are encouraged to use alternate routes. The ramp closure will remain in effect through October, 2017.

The westbound I-10 Azusa Avenue North on-ramp, closed earlier this month, will remain closed through September, 2017.

Detour signs will be posted. Ames Construction, Inc. is the contractor on this \$110 million project, which will add an HOV lane in each direction of I-10 between Puente Avenue and Citrus Street. This is the second of three projects that upon completion will offer one continuous HOV lane from downtown Los Angeles to San Bernardino County.

For real time freeway traffic information please visit the Caltrans Quickmap, quickmap.dot.ca.gov

Caltrans thanks you for patience and understanding during construction and reminds you to “**Be Work Zone Alert.**”
