

OLYMPIC GAMES **FACTS**

August marks the start of the Rio Summer Olympics in beautiful Brazil!

Back in its earliest years, the Olympic games were celebrated as a religious holiday to honor Zeus.

The five rings that represent the Olympics symbolizes the five major regions of the world, including Africa, the Americas, Asia, Europe, and Oceania.

The 2004 Olympic Summer Games in Athens had a record 202 countries participating.

Currently, American swimmer Michael Phelps holds the most Olympic medals — 18 gold, 2 silver, and 2 bronze.
